# forum 2000

## Forum 2000

Beam mounted or linked seating, the 'Forum 2000' is ideal for areas where space is of a minimum.

Beams can be free standing or floor mounted and have optional arms, and are available as both upholstered and wooden versions.

## Seat Unit

380mm deep, 12mm thick WBP birch plywood inner, with 36mm inner and 6mm outer CHMR cushion fully upholstered.

## Backrest

370mm deep, 8mm plywood inner with 31mm inner and 6mm outer CMHR cushion fully upholstered.

## Arm Pad

Fully upholstered, polished timber or black polyurethane type.

## Supporting Frames

Heavy gauge steel tube with a quality powder coated finish. Tube ends fitted with plastic caps.

## Pivot Mechanism

Steel seat side brackets with self tipping action from counterweighted seat.

## Covering Material

A wide range of covering materials are available.

## Accessories

Row letters and seat numbers.

## Upholstery

All upholstery passed BS 5852 Parts 1&2, Ignition Source 5
